Explore Church History With Us: October 6-15, 2025

Join your friends from the Community of Christ Historic Sites Foundation this fall as we trace our faith community's roots to people from all over the world. Hear the stories behind church members from England, Italy, Canada, Ireland, Japan, Nigeria, and more. Learn about the connections to far away places like French Polynesia and the Holy Land and gain an appreciation for the many contributions made by early church members who immigrated to the United States throughout the 19th and 20th centuries. Our 10-day tour includes historic stops at significant places of church history as well as Frankenmuth (Michigan), Toronto and Niagara Falls (Canada), and more.
